Students clocked the time it took them from standing 15 feet outside the caf door to reach the cafeteria counter — 30 minutes. It's going to be cold standing outside in snow and north wind.

Though present facilities may be inadequate for good reasons, there are at least two things which can be done.

1. The sandwich counter should be separated from the regular service line. We are depending on the Hoddlers during the moon hour for sale of sandwiches. Other schools have their snack bar open for this purpose — so can we. Sure.

2. There should be two cash registers — one on either side of the line. Menu prices are figured and meal prices are removed. If the cafeteria is operated as a service to the students, we believe these suggestions will best serve that purpose.

WHERE'S YOUR BEANIE?

Freshmen and sophomores now have a clear and effective guide to their "Where's your beanie? — I forgot. — Take it!"

I believe that immediate action should be taken, and have done my best to notify the students, faculty and suggestions. Because of them, we believe these suggestions will better serve our purpose.

We believe freshmen initiation is an important part of college life and the student body council should keep order and provide the right amount of fun.

3. Freshmen will obey all just edicts of the sophomore class.

2. Freshmen who violate any of the sophomore class edicts will be subject to the same penalties as any junior or senior.

3. Freshmen who are to appear at a Kangaroo court must be notified in advance if at all possible. This move would result in a single Kangaroo court.

4. Inductions will be taken at regular scheduled Kangaroo courts.

There is nº nothing hazings of any kind in the dormitories.

A student body officer or a member of the Blue Key or a member of Chi Epsilon or an officer of the sophomores, freshmen, and seniors. These freshmen would be eligible to take the oath at a special session of Kangaroo court.

Freshmen, who are important in high school, must prove themselves in college from "scratch." We believe a little more order and provide the right amount of fun.

LUTHERAN UNIVERSITY?

Is the Augustana College Federation moving further from Christianity-Philosophy, a spectacle of good works for "the sake of saving souls, the Church, the kingdom of heaven and the salvation of men"?

But if the Church is to survive, it must be able to live up many a refined rite and still meet the challenge of a "delicate, esthetically appealing, and morally purifying" institution defending it as a "delicate, esthetically pleasing, and morally purifying" institution.

Northeast does the illuminous sight. Concerning rumors that administrative officers will be moved from the Administration building into the basement of the Mikkleson memorial library — may we suggest that the MIRROR office be relocated there, too. Enough said.

Dear Like a Rock by Mickey

I tapped on the shoulder, turned, and blew smile in my face.

"You've been working for five weeks, I've said."

"You should be so lucky."

"No, no, Lord won't ever give a man more than he can bear."

He was trotting at the mouth. He walked away slowly, not looking back. He would pay his liberty before the morning.

Schweitzer on Sincerity

Albert Schweitzer, one of the greatest men of our time, wrote in his autobiography:

"The foundation of spiritual life. Only an age which also recognizes the suffering of its own can posses the truth which works as a light for us."

Sincerity is the most complete expression of Christian life, for it can only exist when it is focused upon love. Sincerity implies a lack of selfishness, a giving of one's self. Concerning it, we can say that it is the most perfect of us. Because of the truth that the fact of the sincerity makes it more than a match for the sinfulness of others.

"Whoever answers the search for truth will be answered."

"It has been a bully four years, he is."

"It is a bully four years, he is."
